# HEALTH IMPROVEMENT TEAM

## ACTIVITY GUIDE

# Health Improvement Team

The Health Improvement Team's overall aim is to make a significant, ongoing contribution to the improvement of the physical and mental health, well-being and quality of life of the people of St Helens.

The programme has been developed as a joint partnership between St Helens Council, Primary Care Trust and Voluntary Sector partners, all of whom are committed to tackling health inequalities and improving the quality of life for the people of St Helens. The Programme will do this by providing a wide range of activities, focusing on areas of identified need, which will address the high levels of ill-health and health inequalities in St Helens.

## **Aquamobility**

A fun and gentle exercise to music in the water, suitable for swimmers and non-swimmers. Exercises are suitable for people with mobility difficulties such as arthritis.

## **Chair based exercise**

Chair based exercise is a seated class, whereby participants move through a series of gentle exercises that help to improve range of movement, increase flexibility and gradually improve strength in muscles.

## **Gentle Exercise to Music/ Keep Fit**

A beginners exercise session aimed at those who are a little more mobile. It is a low impact class led by a fully qualified instructor, who will give lots of alternatives and variation.

## **Get Yourself Lively Health Walks**

There are lots of walks across St Helens that range from ½ mile up to six miles. Look out for the number of hearts each walk has and this will indicate the difficulty of the walk. Each walk is led by a trained walk leader. You can take all the walks at your own pace and meet others along the way.

## **Heartsmart**

These classes are currently available for patients who are referred to the Choices - Exercise Referral Scheme. They are low impact circuit sessions delivered by a BACR qualified instructor. Participants will work at their own level and progress gradually over the 1<sup>st</sup> twelve weeks of the course.

## **Tai Chi**

A gentle martial art session. For people who want stress relief and relaxation. Helps to stabilise joints and strengthen muscles in order to improve mobility and prevent falls.

## **Yoga**

A great way to improve flexibility and mobility, as well as strengthening and toning the muscles. It is also a great way to de-stress and relax. This class is aimed at beginners, so don't worry if you haven't tried it before!

## **Circuits/Mini Gyms**

Suitable for beginners/ intermediate. It is a low impact exercise class led by qualified instructor, to improve fitness, tone muscles and burn calories.

## **AQUAMOBILITY**

## CYCLE FOR HEALTH SCHEME

This scheme is a partnership between the Health Improvement Team, Halton & St.Helens PCT, St Helens Council Road Safety & Travel Awareness Team, Travelwise, Merseyside Police and the Voluntary sector.

The aim of the scheme is to provide **clients being referred onto the Choices Health Trainer and Lifestyle Referral Scheme**, with the opportunity to improve their health through participation in a safe and progressive cycling programme. The bike ride is suitable for beginner level and is based on the recommendations of your Lifestyle Advisor or Health Trainer after looking at medical and health checks during consultation.

**Venue:** Fourways Surestart Centre, Burnage Avenue, Clock Face  
**Date:** Tuesdays 1 – 4pm

**Venue:** Sankey Valley Visitor Centre, Haydock  
**Date:** Wednesdays 1 – 4pm

It's a **free** activity, bikes and helmets are provided so if you are interested or would like to train as a PAM cycle leader with an ongoing commitment to the scheme please contact: Mike Clinton, Health Improvement Specialist for Physical Activity on 01744 697433 or e mail [MichaelClinton@sthelens.gov.uk](mailto:MichaelClinton@sthelens.gov.uk)

## Grow Healthy

These are sessions run across St Helens and Halton from fixed sites, as well as continuing to look for new venues and groups. An experienced worker delivers sessions which are a combination of workshops, short courses and project visits. Session activity will depend upon the season. The sessions are run in a fun and highly supportive environment ensuring everyone's included regardless of fitness, ability or knowledge. Groups and individuals are all welcome – for more information please call Liz Sabatini on 0151 726 2767 or email [liz.sabatini@groundwork.org.uk](mailto:liz.sabatini@groundwork.org.uk)

## **OTHER ACTIVITIES:**

### **Choices Lifestyle Referral Scheme**

This is a service aimed at helping you to become more physically active and prevent and treat conditions such as Diabetes, Heart Disease and many more. There are many activities to choose from that are designed to be safe, fun and tailored to meet your individual needs. You will be referred to Lifestyle Advisor for a consultation, so you can discuss your interests and goals. They will be there throughout the 12 week programme and beyond for support and advice. You can get advice on suitable exercise classes, healthy eating, nutrition and giving up smoking. It starts with an individual 12 week supervised programme. See your GP or nurse for a referral or alternatively call (01744) 697432 for more details.

### **PAMS – Physical Activity Mentoring Scheme**

As a PAM volunteer your role is to help your peer group move into healthy active living. This is done by being a positive role model, providing information about physical activity, being someone to share experiences with and talk to and understand other people's concerns. The most important thing you can offer is time and encouragement to share the abilities and qualities you have to help people become active enough to maintain independence, well-being, social networks and a good quality of life. The benefit of being a PAM is you can improve your own health by gaining free access to our classes when mentoring and also receive on going healthy living training opportunities such as walk leader and cycle leader training to support ongoing activities. Contact: (01744) 697432

### **Community Food Project**

Consult and work with local groups and individuals to develop projects in a variety of settings including schools, colleges community centres e.t.c to develop new practical initiatives with groups to address food and health needs.

Community food projects include: Cookery groups, after school cookery clubs, I.T to eat project, School health days / Healthy lunch box, cooking on a budget & Tempting tots. For more information, please contact the team on 01744 677028 or 677029.

### **Freshstart**

This is a lifestyle programme to support behaviour change, weight loss and increase physical activity. Freshstart promotes losing weight by making lifestyle changes gradually and realistically. Healthy eating for a healthy weight is about losing weight "for good" and changing lifestyle habits for life! The course is group based and has been designed to gain understanding of the energy balance, the balance of good health, portion size, fats and sugars, healthy snacks, how to plan a grocery shopping trip and healthy cooking methods. Contact 01744 697432 to register for a place.

# Lose weight and keep it off with Fresh Start

Fresh Start is a **FREE 10 week diet and exercise programme designed to help you lose weight, get more active and meet new people.**

Now in its third year, Fresh Start has already helped hundreds of local people take control of their weight and get fit and healthy.

**Cherry Bennett** was overweight for 15 years but Fresh Start helped her change her lifestyle and she is now cooking from scratch and exercising more. **"The course has given me back my self confidence."**

**If you want to lose weight just give the Health Improvement Team a call on:**

**0151 495 5450**  
(Halton) or

**01744 697 432**  
(St Helens).

For this service your BMI needs to be **between 25 – 30**.  
If however your BMI is **above 30** there are other  
programmes available.  
Please call 01744 697432

# Fit 4 Life

**6 - week healthy lifestyle programme  
for overweight children aged 7 – 13  
and their families**

**Fit 4 Life will help you to:**

**Get more active  
Eat a balanced healthy diet  
Make healthy choices  
Understand food labels  
Learn new healthy recipes  
Adopt a healthy lifestyle for life**

For more information about **Fit 4 Life** or to book  
your family onto the programme call:

**01744 697432**
